SALE NO. 74

## TERMS OF SALE

This is a Mail Bid Sale as well as a Public Auction. Bids by Mail or Phone will be accepted until the actual starting time for each session. All lots offered will be sold to the highest bidder without reserve. All items offered are guaranteed to be genuine and as listed.

Mail bids must be received at our office by Nov. 5th. Late bids may be sent direct to the International Hotel, Los Angeles, California 90045

All lots to be mailed to addresses not in the United States of America or its Territories, will be made only at the risk of the purchaser. We cannot obtain insurance on material sent by U.S. Registered Mail to other countries: therefore, bidders must provide their own insurance or assume the risk of non-delivery. We can obtain insurance for small amounts when shipping by U.S. Air Parcel Post or for larger amounts when shipping by Air Freight through a private carrier. Both Parcel Post and Air Freight require that we furnish a detailed listing of the contents of the package as well as the price of each item. Since this information is placed on the outside of the package, we feel it only adds to the risk of non-delivery. Foreign bidders must supply full detailed shipping instructions and agree to all terms as listed hereon, before shipment will be made.

Error on the part of the Cataloguer will be cheerfully corrected. Please check your bid sheet carefully, as we cannot accept responsibility for the errors of others.

Postage and insurance will be added to all lots sent by mail. Unless otherwise indicated by the bidder, we will use our own discretion as to whether material will be sent by Air or Surface Mail.

State Sales Tax will be added where applicable.

Terms are Cash. Checks payable in U.S. Funds only, will be accepted from persons known to us, or from those who furnish satisfactory references and proper identification. We must have ample time to check references if they are to be acceptable to us. Payments made by Bank Transfer from foreign accounts must be made in U.S. Dollars to the Account of Jess Peters, Inc., in care of the First National Bank of Decatur, through any New York correspondent bank.

Title to all coins remains with the cataloguer until paid for in full.

All material offered in this sale may be examined by appointment only, at our bank, during banking hours through Nov. 5th, and at the Auction Site prior to each session.

Prices realized lists will be sent to all persons on our subscription plan. Others may order them at \$1, and we appreciate payment being made with the request. Lists are usually mailed within ten days after the sale closes.

We normally issue at least 8 Mail Bid and/or Public Auction Sales each year. Sample catalogs will be sent persons requesting them. Free by surface mail or to U.S. addresses. Air service to other countries is available - please inquire about charges.

## CHARLES R. BICK

Charles R. Bick had an extremely varied career. While still a relative youth, he served on the staff of the famous Mayor LaGuardia of New York. After serving in World War II, he earned his law degree from Yale University; he then collaborated on a Broadway musical with the man who went on to write Judgment at Nuremberg. Mr. Bick was with the Federal Bureau of Investigation for several years before entering the advertising profession as a writer. At the time of his death, he was a Professor of Advertising at Southern Methodist University in Dallas, Texas.

Prof. Bick did not become an active numismatist until late in his life, in the latter 1960's. A secretary at work had an odd lot of coins she had recently inherited from her father and casually asked Mr. Bick if he knew of a place she could sell them. Not knowing anything about the coins, but fascinated by the various 18th- and 19th-century pieces, he offered her the appraised value plus \$25. She accepted, and a small but excellent collection began.

Prof. Bick quickly settled on pieces depicting a husband and wife on the same side of the coin. He liked these both for the variety and range of pieces available -- from about 200 B.C. to the 1960's -- and for the history connected with these often-commemorative issues. Through dogged perseverance, Prof. Bick put together an outstanding collection in a relatively short time, occasionally happening upon an obscure European auction at just the right moment. (Many of the types in this sale have not come on the market since then.)

Always a thorough scholar, Prof. Bick combined the coins' stories with effective display techniques to win Best of Show at the 1970 Spring Convention of the Michigan State Numismatic Society, as well as First awards at the 1970 Central States show and the 1971 C.O.I.N. Because of the exhibit's size, Prof. Bick was never able to show it as much as he would have liked.

Prof. Bick also maintained a collaterally keen interest in coins of the Eight Brothers of Saxe-Weimar. This curious chapter of European history, in which eight sons co-inherited a dukedom and ruled together for some 20 years until, one by one, they began to die off, makes for a concise and attractive series. Prof. Bick always liked to point out how the brothers aged on the several varieties through the years, and was delighted when he would come upon a piece not listed in the authoritative Merseberger work on the series.

This collection was shown even less than the Bride-and-Groom coins, although it did win Best of Show at the 1971 Fall M.S.N.S. show. As offered here, it is probably the most complete representation of Eight Brothers coins to come on the market in many years, either in the U.S. or Europe.
